

Publikacje pracowników Instytutu Kardiologii w czasopismach z IF w 2014 r. (IF < lub = 1)

1. Biernacka EK, Kukla P.: Commentary to the article "Should a cardioverter-defibrillator be implanted in an Andersen-Tawil syndrome patient with severe ventricular arrhythmias and syncope?". *Kardiol Pol.* 2014; 72(10): 994.
IF=0.539; MNiSW=15
2. Browarek A, Debski A, Tyczynski P, Piotrowska M, Zielinski T, Sobieszczanska-Malek M, Karcz M, Witkowski A.: ST-elevation acute coronary syndrome in a patient after heart transplant. *Postep Kardiol Inter.* 2014; 10(1): 60-62.
IF=0.148; MNiSW=15
3. Ciszewski J, Maciag A, Gepner K, Smolis-Bak E, Sterlinski M.: Beneficial triple-site cardiac resynchronization in a patient supported with an intra-aortic balloon pump for end-stage heart failure. *Postep Kardiol Inter.* 2014; 10(1): 40-42.
IF=0.148; MNiSW=15
4. Cygan S, Werys K, Blaszczyk L, Kubik T, Kaluzynski K.: Left ventricle phantom and experimental setup for MRI and echocardiography - Preliminary results of data acquisitions. *Biocybern Biomed Eng.* 2014; 34(1): 19-24.
IF=0.646; MNiSW=15
5. Czerwiński J, Danek T, Trujnara M, Parulski A, Danielewicz R.: System of donor hospital transplant coordinators maintained and financed by National Transplant Organization improves donation rates, but it is effective only in one half of hospitals. *Transplant Proc.* 2014;46(8): 2501-2504.
IF=0.982 ; MNiSW=15
6. Dabrowski R, Opolski G, Wlodarczyk P, Kiliszek M, Ponikowski P.: Demographic and clinical characteristics of patients with atrial fibrillation and cardioversion as planned therapeutic options in the International Registry on Cardioversion of Atrial Fibrillation "RHYTHM-AF". Polish substudy. *Kardiol Pol.* 2014; 72(8): 700-706.
IF=0.539; MNiSW=15
7. Dębski A, Tyczyński P, Opolski MP, Kłopotowski M, Karcz MA, Witkowski A.: Two-vessel chronic total occlusion. Complete percutaneous revascularisation. *Postep Kardiol Inter.* 2014; 10(4): 320-322.
IF=0.148; MNiSW=15
8. Farkowski MM, Pytkowski M, Golicki D, Szumowski L, Wood KA, Szwed H.: Translation and cultural adaptation of a Patient Perception of Arrhythmia Questionnaire in Poland. *Kardiol Pol.* 2014; 72(3): 246-253.
IF=0.539; MNiSW=15
9. Januszewicz A, Witkowski A.: Renal denervation - where do we stand in 2014? *Postep Kardiol Inter.* 2014; 10(1): 1.
IF=0.148; MNiSW=15
10. Jozwik-Plebanek K, Klisiewicz A, Januszewicz A, Prejbisz A.: Transient dynamic left ventricular outflow tract obstruction in a patient with pheochromocytoma. *Kardiol Pol.* 2014; 72(5): 472.
IF=0.539; MNiSW=15
11. Korzeniowska-Kubacka I, Bilinska M, Dobraszkieicz-Wasilewska B, Piotrowicz R.: Comparison between hybrid and standard centre-based cardiac rehabilitation in female patients after myocardial infarction: a pilot study. *Kardiol Pol.* 2014; 72(3): 269-274.
IF=0.539; MNiSW=15

12. Kumor M, Biernacka E, Demkow M, Konka M, Płatek A, Jagodzińska M, Hoffman P.: "Migraine side effect" and stroke recurrence in late follow-up after transcatheter patent foramen ovale closure as secondary prevention of cryptogenic thromboembolism. *Postep Kardiol Inter.* 2014; 10(3): 155-160. IF=0.148; MNiSW=15
13. Makarewicz-Wujec M, Kozłowska-Wojciechowska M, Sygnowska E, Waskiewicz A.: Does heart failure determines the nutrition of patients? *Kardiol Pol.* 2014; 72(1): 56-63. IF=0.539; MNiSW=15
14. Michalek P, Kubaszek-Kornatowska A, Pregowska-Chwala B.: Late pacemaker lead thrombosis treated with rivaroxaban. *Kardiol Pol.* 2014; 72(9): 840. IF=0.539; MNiSW=15
15. Miszczak-Knecht M, Szumowski Ł, Posadowska M, Brzezińska-Paszke M, Pręgoska K, Walczak F, Turska-Kmieć A, Bieganowska K.: Idiopathic ventricular arrhythmia in children and adolescent -early effectiveness of RF ablation. *Kardiol Pol.* 2014; 72(11): 1148-1152. IF=0.539; MNiSW=15
16. Mitkowski P, Grabowski M, Kowalski O, Kutarski A, Mojkowski W, Przybylski A, Sterlinski M, Trusz-Gluza M, Opolski G.: National Consultant in Cardiology Experts' Group Guidelines on dealing with patients implanted with some St. Jude Medical Riata and Riata ST leads. *Kardiol Pol.* 2014; 72(6): 576-582. IF=0.539; MNiSW=15
17. Mizia-Stec K, Wita K, Gruszczynska K, Wybraniec MT, Biernacka EK, Malek LA, Szyszka A, Kasprzak JD, Plonska-Gosciniak E, Szumowski L.: Arrhythmogenic right ventricular cardiomyopathy in contemporary imaging. Expert consensus statement of the Polish Clinical Forum for Cardiovascular Imaging. *Kardiol Pol.* 2014; 72(1): 71-82. IF=0.539; MNiSW=15
18. Opolski M, Kępka C, Rużyło W.: Computed tomography for detection of vulnerable coronary plaque - A Cassandra's dream? Editorial. *Postep Kardiol Inter.* 2014; 10(3): 147-152. IF=0.148; MNiSW=15
19. Piwonski J, Piwonska A, Sygnowska E.: Is there an association between depressive symptoms and coronary artery disease in Polish adult population? *Kardiol Pol.* 2014; 72(1): 50-55. IF=0.539; MNiSW=15
20. Pracon R, Demkow M, Witkowski A, Ruzylo W.: Percutaneous elimination of the left atrial appendage in quest for effective and safe prevention of stroke in patients with atrial fibrillation. *Postep Kardiol Inter.* 2014; 10(2): 71-74. IF= 0.148; MNiSW= 15
21. Pracon R, Opolski MP, Mintz GS, Pregowski J, Kruk M, Popma JJ, Mandinov L, Wang H, Ellis SG, Grube E, Dawkins KD, Stone GW, Weissman NJ.: Serial Intravascular Ultrasound Analysis of Stent Strut Distribution and Fracture: An Integrated Analysis of the Taxus IV, V, and VI Trials. *J Invasive Cardiol.* 2014; 26(10): 501-511. IF=0.949; MNiSW=25
22. Rudzinski PN, Demkow M, Michalowska I, Abramczuk E, Szymanski P.: Endovascular treatment of PA pseudoaneurysm caused by Swan-Ganz catheter. *Postep Kardiol Inter.* 2014; 10(1): 66-70. IF=0.148; MNiSW=15
23. Scislo P, Marchel M, Habib G, Kochanowski J, Piatkowski R, Hoffman P, Kutarski A, Stepinska J, Opolski G, Plonska-Gosciniak E.: Contemporary imaging of infective endocarditis. Infective endocarditis on prosthetic valves, implantable devices and right-sided location. Expert consensus statement of the Polish Clinical Forum for Cardiovascular Imaging. *Kardiol Pol.* 2014; 72(4): 393-400. IF=0.539; MNiSW=15
24. Spiewak M, Malek LA, Biernacka EK, Kowalski M, Hoffman P, Demkow M, Misko J, Ruzylo W, Marczyk M.: To uncover what is unknown or forgotten - cardiac magnetic resonance in the identification of vascular pathologies in patients after tetralogy of Fallot repair. *Postep Kardiol Inter.* 2014; 10(2): 104-109. IF=0.148; MNiSW=15

25. Spiewak M, Malek LA, Petryka J, Mazurkiewicz L, Marczak M, Biernacka EK, Kowalski M, Hoffman P, Demkow M, Misko J, Ruzyllo W.: Factors associated with biventricular dysfunction in patients with repaired tetralogy of Fallot. *Kardiologia Polska*. 2014; 72(7): 631-639.
IF=0.539; MNiSW=15
26. Stepinska J, Marona M, Greenlaw N, Steg G.: Heart rate and the use of beta-blockers in stable outpatients with coronary artery disease: Polish baseline results of the CLARIFY registry. *Kardiologia Polska*. 2014; 72(11): 1156-1164
IF=0.539; MNiSW=15
27. Stepinska J, Wozakowaka-Kaplon B, Pruszczyk P, Kalarus Z.: Non-vitamin K oral antagonist no more new! *Kardiologia Polska*. 2014; 72(9): 854-855.
IF=0.539; MNiSW=15
28. Szarpak Ł, Kurowski A.: Do double gloves protect against contamination during cannulation of blood vessels? A prospective randomized study. *Medycyna Praktyczna*. 2014; 65(2): 271-278.
IF=0.397; MNiSW=15
29. Szarpak L, Kurowski A.: The evaluation of readiness of medical personnel to act under conditions of chemical contamination. *Disaster Medicine and Public Health*. 2014; 8(4): 297-300.
IF=0.696; MNiSW=20
30. Tyczyński P, Karcz MA, Kalińczuk Ł, Fronczak A, Witkowski A.: Early stent thrombosis. Aetiology, treatment, and prognosis. *Postępy Kardiologii Interwencyjnej*. 2014; 10(4): 221-225.
IF=0.148; MNiSW=15
31. Tyczynski P, Chmielak Z, Pregowski J, Rewicki M, Karcz M.: Intervention on the left main coronary artery. Importance of periprocedural and follow-up intravascular ultrasonography guidance. *Postępy Kardiologii Interwencyjnej*. 2014; 10(2): 130-132.
IF=0.148; MNiSW=15
32. Tyczynski P, Kadziela J, Pregowski J, Demkow M, Witkowski A.: Recurrent restenosis in saphenous vein graft. What is the next step? *Kardiologia Polska*. 2014; 72(4): 388.
IF=0.539; MNiSW=15
33. Tyczynski P, Kalinczuk L, Fronczak A, Witkowski A, Demkow M.: Pitfalls of fractional flow reserve. *Kardiologia Polska*. 2014; 72(5): 471.
IF=0.539; MNiSW=15
34. Tyczynski P, Witkowski A, Dzielinska Z, Kruk M, Pracon R.: Invisible by angiography: the role of optical coherence tomography. *Kardiologia Polska*. 2014; 72(2): 205.
IF=0.539; MNiSW=15
35. Warchol-Celinska E, Januszewicz A, Prejbisz A, Kadziela J.: Renal denervation after the simplicity HTN-3 trial. *Postępy Kardiologii Interwencyjnej*. 2014; 10(2): 75-77.
IF=0.148; MNiSW=15
36. Wolny R, Dębski A, Kruk M, Kępka C.: Slow-flow phenomenon after elective percutaneous coronary intervention of computed tomography-detected vulnerable coronary lesion. *Postępy Kardiologii Interwencyjnej*. 2014; 10(3): 181-184.
IF=0.148; MNiSW=15
37. Wozakowska-Kaplon B, Filipiak KJ, Mamcarz A, Barylski M, Cybulska B, Dabrowski R, Drozd J, Dudek D, Dzida G, Franek E, Gorny J, Grajek S, Haberk M, Imiela J, Jankowski P, Kasprzak JD, Kozinski M, Kozlowski D, Mizia-Stec K, Narkiewicz K, Siebert J, Sinkiewicz W, Tykarski A, Widecka K, Zdrojewski T.: Actual problems of dyslipidaemia treatment in Poland - 2nd Declaration of Sopot. Experts' Group Consensus endorsed by the Polish Cardiac Society Working Group on Cardiovascular Pharmacotherapy. *Kardiologia Polska*. 2014; 72(9): 847-853.
IF=0.539; MNiSW=15
38. Zakrzewska-Koperska J, Derejko P, Walczak F, Urbanek P, Bodalski R, Orczykowski M, Kalinczuk L, Jedynek Z, Michalowska I, Oreziak A, Bilinska M, Przybylski A, Szumowski L.: Early stage of left atrium remodelling predicts better outcome in long-term follow-up of atrial fibrillation ablation. *Kardiologia Polska*. 2014; 72(10): 925-933.
IF=0.539; MNiSW=15

39. Zelas A, Stepinska J, Andres J, Trabka-Zawidzki A, Sadowski J, Zmudka K.: Ten-year experience of an invasive cardiology center with out-of-hospital cardiac arrest patients admitted for urgent coronary angiography. *Kardiol Pol.* 2014; 72(8): 687-699.
IF=0.539; MNiSW=15
